Welcome Statement

by Dr. William Kondo

As the proud director of this Masterclass, I am profoundly grateful for the opportunity to welcome each participant, collaborator, and guest to this significant gathering. Your presence signifies a shared dedication to pioneering the frontier of medical excellence in the field of endometriosis.

Endometriosis challenges us to constantly seek better solutions for diagnosis and treatment. This masterclass is a testament of our commitment at enhancing our collective expertise and ultimately, patient care.

Our event has been made possible thanks to the generous support of our sponsors, **Mindray** and **Reach Surgical**. Their dedication to advancing medical technologies and education is both commendable and essential to our mission. Their contributions are a cornerstone of our ability to bring together leading minds in the field.

I also extend my sincere appreciation to the **International Institute of Metabolic Medicine** for hosting us in their esteemed facilities. A special thanks goes to Dr. Ariel Ortiz, the Medical Director, whose pioneering work and innovative spirit in surgery have been an inspiration to many. The academic rigor and support provided by the **Tijuana College of Gynecologists**, the **Autonomous University of Baja California**, **IBC-Oxford University**, and the **University of California San Diego** are crucial to the success of our masterclass. These esteemed institutions have shown unwavering dedication to advancing medical knowledge and collaboration, enriching the experience for all involved.

To the patients who inspire us every day, your trust and support in our academic endeavors do not go unnoticed. You are the reason we strive for excellence and innovation in medicine. As we embark on this journey together, I am filled with anticipation for the knowledge we will share, the insights we will gain, and the advancements we will witness. Thank you for your participation, your passion, and your commitment to making a lasting impact.

With warmest regards,
Dr. William Kondo

Baja Wine Country Tour

We here at **The International Institute of Metabolic Medicine** are excited to help guide you on the best way to enjoy Mexico's Guadalupe Valley. Please join us in one of our Group Tours offering a range of experiences. Let us take you through the vineyards and dream-like tasting rooms where you will enjoy the finest of wines and local Baja culture and foods. There's something here for everyone. Adventure, new friends and good times await!

Begin your day by meeting with our tour guides at the International Institute of Metabolic Medicine in Tijuana and enjoy the panoramic views of the highway to Valle de Guadalupe. Once in the valley, stop at **LA Cetto winery** where you will enjoy a delicious wine tasting. Next, head to **Baron Balche winery** where you will also have an incredible tasting experience.

After the wineries, visit a local shop named "Los Globos." Taste local, homemade products such as different kinds of cheese, olive oils, homemade jam, bread, olives, and more. Have lunch with us at Finca Altozano, or Malva. Finish your tour by getting dropped off back at your hotel in Tijuana.

What to bring:

- Passport or ID card
- Comfortable shoes
- Sun hat
- Sunscreen
- Water
- Jacket
- Packed Lunch
- Cash

The best part is that you don't even have to lift a finger. Okay, except when sipping wine. Your tour guide will take care of all the details so you can relax. Enjoy Baja's incredible cuisine and delicious wine, all while taking in the breathtaking views of everything Valle de Guadalupe has to offer.
